Last summer, Yara and her family decided to spend their holiday helping the local community. They noticed that the neighborhood park had a lot of litter and damaged benches, which made it difficult for children to play safely. Yara, her older brother Sami, and their parents planned a "Clean and Care Day." They brought gloves, trash bags, paint, and gardening tools. Yara and Sami collected litter while their parents fixed benches and planted flowers. They also prepared small welcome cards for the park visitors. By the end of the day, the park looked clean and colorful, and many neighbors thanked them for their effort. Yara realized that even small actions, like picking up trash or planting flowers, can make a big difference and bring happiness to others.

1- Lessons 1&2 "Spreading Kindness"

Spreading kindness is easy and important. You can start with a smile or a friendly hello. Hold the door open for someone. Say "please" and "thank you." It's very important to be polite. Help your friend or a classmate with difficult homework. If you see someone who is alone, invite them to join you. Kindness is like a seed. When you plant it, it grows. Your small act can make someone's whole day better. Let's try to spread kindness everywhere we go.

2- Lesson 3 "Helping Hands in Your Community"

Hello, everyone! I want to share my ideas with you to help our community. Our community is stronger when we help each other. Look around for ways to give a helping hand. You can help by picking up trash in the park. You can visit elderly neighbors to say hello or to carry the heavy groceries with them. Donate old clothes or toys to a family in need. Small actions create big changes. When we all work together, we build a kinder, happier place for everyone to live. What will you do to help today?

3- Weekly Assessment on Lessons 1, 2 & 3 "Small Acts of Kindness"

Small acts of kindness do not cost money, but they are very valuable. You can help carry groceries for your parents. Share your lunch with a friend who forgot theirs. Write a nice note for your brother or your friend. These small actions show you care. They make other people feel seen and happy. It tells people that they're not alone. Even a little kindness can change the mood of a whole room. Try to do one small, kind thing every day. You can see that kindness will be returned back to you.

4- Lessons 5&6 "Helping Your Community Next Month"

Next month, let's plan to help our community. We could organize a small food drive at school. We can ask friends to bring different kinds of food. We could also make posters to remind people to keep the place clean and tidy. Another idea is to volunteer to help the local community garden. We can gather and work on this simple project. We should talk to our family or our teachers about it. Working together next month can make our town cleaner and friendlier for all.

6- Weekly Assessment on Unit 10 "How to Make our Neighbors Happy"

Hello, neighbors! Let's share our ideas to help our neighborhood. A happy neighborhood is a friendly one. We can all help. Start by learning your neighbors' names. Offer to water plants for someone on vacation. If you bake cookies, share some with the family next door. Keep the garden in front of your house clean. A simple wave and a smile make a big difference. We can make a party to thank the elderly neighbors who value our life. Let's build a community where everyone feels welcome and supported. I'm waiting for your ideas.

7- AL-Azhar Test on Unit 10 "Share Kindness"

Sharing kindness makes the world a better place. Small acts, like helping someone or giving a smile, can make others happy. When we are kind, we also feel good inside. Everyone should try to share kindness every day.

1- Lessons 1&2 "Natural Wonders"

Natural wonders are the most fantastic and beautiful places on Earth. They are usually very old and very big, made by nature's strength over a long time. Think of a vast canyon cut by a river, a towering waterfall that makes mist, or a colorful coral reef under the sea. Some wonders, like the bright northern lights, are gentle surprises in the sky. Others, like tall mountains, are strong and constant. These amazing sights fill us with wonder and remind us that our planet is truly unique and worthy of our care and respect.

2- Lesson 3 "How Can Animals Adapt?"

Animals can survive in many amazing ways. They change their bodies and habits to live in different places. This is called adaptation. In the cold Arctic, the polar bear has thick fur and fat to stay warm. In the harsh desert, the camel stores fat in its hump for energy and has long eyelashes for sand. Some animals, like the chameleon, even change color to hide. These special traits are not by chance. They happen over a very long time, proving nature's cleverness. Animals adapt perfectly to find food, stay safe, and survive, which is truly wonderful.

3- Weekly Assessment on Lessons 1, 2 & 3 "Protecting Our Nature"

Protecting our nature is very important for our future. Nature gives us clean air, fresh water, and beautiful places. We can help by using less plastic and recycling our waste. We should also save water and energy at home. Planting trees is a fantastic way to help because they clean the air and give animals a home. It is also good to learn about local plants and animals. When we take care of nature, we take care of ourselves and our planet. Everyone can help in small ways every day.

4- Lessons 5&6 "Nature and Weather"

Nature and weather are perfect partners, always changing together. On a bright sunny day, the weather makes nature look bright and full of life. Green leaves shine, and flowers open wide. When clouds come, the weather brings soft rain that feeds the plants and fills the rivers. A harsh wind can shape sand dunes. All of that can prove nature's strength. Each season paints a new, wonderful

picture. This daily connection between the sky and the land is a truly amazing and beautiful part of our world.

5- General Exercises "How to Protect Nature"

We must protect nature to keep our planet healthy. We can recycle plastic, paper, and glass instead of throwing them away. Planting trees and flowers helps animals and cleans the air. We should save water and electricity every day. Avoiding pollution and not harming animals is very important. Visiting parks and forests responsibly helps nature stay safe. Even small actions, like picking up trash, can make a big difference. Everyone can help protect nature for the future.

6- Weekly Assessment on Unit 11 "Nature Around Me"

The nature around me is simple but wonderful. In my garden, green grass grows under a tall tree that gives cool shade. Bright red flowers bloom near the wall, and small yellow butterflies visit them every morning. I can hear birds singing in the branches. Sometimes, a gentle breeze blows, and the leaves make a soft, rustling sound. This small piece of nature is full of life and calm beauty. It is a peaceful place where I can sit, relax, and feel happy. I am lucky to have it so close.

7- Al Azhar Test on unit 11 "A Weather Forecast Update"

Good afternoon, here is your weather update. The weather is changing quickly. Heavy rain and strong winds are coming tonight. Please stay inside and be safe. The sun will come back tomorrow afternoon.

8- Test on unit 11 "An Animal in Nature"

The elephant is a wonderful and strong animal in nature. It is the largest land animal, with a vast body, big ears, and a long trunk. Elephants live in families in forests and grasslands. They use their trunks in amazing ways: to drink water, grab food, and greet each other. Their great size and intelligence help them survive. They are a unique and special part of our natural world, and we must work to protect them and their homes.

1- Lessons 1&2 "House Rules"

House rules help make a home safe, happy, and tidy for everyone. First, we must keep our surroundings clean by putting away toys and doing small chores. Second, safety is very important, so we always ask an adult for help in the kitchen. Third, we show respect by using polite words and listening to each other. Following these simple rules teaches responsibility and care. It means all family members, including siblings, can live together in a peaceful and organized way. Good rules make a house a true home.

2- Lesson 3 "Health and Personal Hygiene"

Health and personal hygiene work together to keep you strong and well. Good health means eating balanced meals, drinking water, and getting enough sleep and exercise. Personal hygiene is how you stay clean. This includes washing your hands with soap, taking regular showers, and brushing your teeth. Wearing clean clothes is also important. These simple habits fight germs that can make you sick. When you are clean and healthy, you have more energy to play, learn, and feel happy every day. Taking care of your body is a very important responsibility.

3- Weekly Assessment on Lessons 1, 2 & 3 "Physical and Mental Health"

Taking care of your physical and mental health is important for a happy life. For your body, try to be active every day. Eat healthy food like fruits and grains, and drink plenty of water. Get good sleep. For your mind, find quiet time to relax. Talk to a friend or family member if you feel sad or worried. Do things you enjoy, like reading or drawing. Remember, your body and mind are connected. When you feel good physically, it helps your mind feel calm and strong too.

4- lessons 5&6 "How to Be Safe at Home"

To be safe at home is very important. First, don't touch the stove or oven when they're hot. Always ask for help. Second, keep the floors and hallways tidy. Do not leave toys or books where people can walk or sit. Third, know what is dangerous. Do not touch cleaning materials or medicine. If you see something unsafe, tell an adult right away. Remember to walk, not run, inside the house. Following these simple rules helps stay safe. It keeps your parents and your siblings safe and happy in your home.

5- General Exercises "Personal Hygiene"

Personal hygiene is very important for a healthy life. It means keeping your body clean every day. Washing hands, brushing teeth, and taking showers help remove germs and prevent diseases. Wearing clean clothes and keeping your surroundings tidy also protect your health. Good hygiene makes you feel confident and comfortable with others. It also improves your mental health because you feel calm and relaxed. By following simple hygiene habits daily, people can stay safe, healthy, and happy at home and school. These habits should be taught to children early always.

6- Weekly Assessment on Unit 12 "The Importance of Following the Rules"

Following school rules is very important for everyone. These rules help keep the school a safe and tidy place for all students and teachers. When we walk, not run, in the hallways, we prevent accidents. When we listen to the principal and our teachers, we show respect. The rules help us learn without distractions. They teach us responsibility and how to make good choices. If everyone follows the instructions, our school becomes a better place to work, play, and build strong friendships. Rules are not just limits; they help us all succeed together.

7- Al Azhar Test on unit 12 "School Instructions"

School instructions help us have a good and safe day. They tell us to be on time and walk quietly in the hallways. We must listen to our teachers and finish our work. Following these instructions shows respect and helps everyone learn.

8- Test on unit 12 "How to Be a Good Student"

To be a good student, start by arriving at school on time and being ready to learn. Listen carefully to all instructions from your teacher and the principal. Show respect by being polite to your classmates and teachers. Complete your homework responsibly and keep your materials organized. Make healthy choices for your mind and body by eating well and staying active. Avoid distractions in class and focus on your goals. Help others and work on building good friendships. Remember, your effort and positive habits are the key to doing well and enjoying school.

"A Story about a Time You Showed Kindness or Someone Was Kind to You"

Kindness is very important in our lives. Last month, I saw an old woman trying to cross a busy street. She was carrying heavy bags and looked very tired. I decided to help her. I went to her, greeted her warmly, and took the bags from her hands. Then, I walked with her slowly until we reached the other side of the road safely. She smiled at me and said, "Thank you, you are a kind child." This small action made her feel happy and brought comfort to her. I felt great because I did something meaningful for someone in my neighborhood. We should all be kind to each other to make our world better.

To: Ahmed@email.com
Subject: An Act of Kindness
Dear Ahmed,

How are you? I want to tell you about an act of kindness I did recently. Last week, I noticed that our neighborhood park was full of trash. I decided to do something meaningful. I invited my friends, and we spent the whole morning cleaning the park and planting some flowers. It took a lot of effort, but the results were huge. The park looks beautiful now, and everyone in our community is happy. I felt that I am not alone when we work together. We should always try to make a difference.

Best wishes,
Mohamed

Group B

Write a short paragraph of about 90 words about "Nature Around Us".

Group C

Write a short paragraph of about 90 words about "The Weather in your Country".

Group A: "An Amazing Animal in the Desert"

The camel is one of the most amazing animals in the vast desert. It has adapted perfectly to survive in the hottest weather. Its long legs help it walk across the endless sand dunes easily. Camels can stay hydrated for many days, which is very important in the desert. Its hump stores fat to give it energy when there is no food. It also has thick eyelashes to protect its eyes from the sand. The camel is truly a unique and powerful creature.

Group B: "Nature Around Us"

Nature is all around us, and it is full of wonders. Near my home, I can see green trees, colorful flowers, and beautiful birds. Nature changes with the seasons; in spring, flowers bloom, and in summer, the sun is bright. We have many natural landmarks like towering mountains and vast oceans. It is important to protect nature because it gives us food, water, and clean air. We should plant more trees and keep our environment clean for future generations.

Group C: "The Weather in My Country"

The weather in Egypt is very diverse and interesting. In Cairo, it is usually sunny and warm. During the summer, it becomes very hot, so people need to stay hydrated and avoid the midday sun. In winter, the weather is cooler, and sometimes it rains, especially in cities like Alexandria. We listen to the weather forecast every day to know how to dress. Compared to other countries, Egypt has a wonderful climate that makes it a great place for tourists to visit all year round.

Topic 1:

To: Ali@student.com

From: Sami@student.com

Subject: Helping my community next summer

Dear Ali,

How are you? I hope you are fine. I am writing this email to tell you about my plans to help my community next summer. I will spend my time usefully. I will help my neighbors and the local community. I plan to clean the park and plant trees with other volunteers. I will also make flyers to invite people to join our activities. I hope my small effort will make a huge difference. Would you like to join me?

Yours,

Sami

Topic 2:

Helping our neighbors is a very important responsibility. It makes our community a better and happier place. There are many simple things we can do to make our neighbors happy. First, we should always smile and greet them politely when we see them. Second, we can help elderly neighbors by carrying heavy bags for them or buying their groceries. Also, we can keep our

neighborhood clean by throwing trash in bins and planting beautiful trees in the street. Doing these small actions brings happiness to everyone and shows that we truly care.

Topic 3:

To: Omar@school.com

From: Tarek@school.com

Subject: Amazing natural wonders

Dear Omar,

How are you doing? I am very happy to write to you. Today, I read an interesting article about natural wonders in Africa, and I want to share it with you. Have you ever heard of Table Mountain? It is a famous natural landmark located in South Africa. It rises high above the city of Cape Town. It is completely unique because its top is very flat, just like a large table! Sometimes, a thick mist covers it and looks like a tablecloth. Nature is truly amazing.

Best wishes,

Tarek

Topic 4:

Every family has important house rules to keep the home clean and organized. In my house, I try to be a responsible person by helping my parents with the daily chores. I follow a good routine every day. Every morning, I make my bed neatly before I go

to school. In the evening, I usually help my mother by setting the table for dinner. I place the plates, forks, and glasses in order. After we eat, I wash the dirty dishes. On the weekend, I tidy my bedroom and arrange my clothes.

Topic 5:

To: Salma@email.com

From: Nada@email.com

Subject: Healthy choices for a better life

Dear Salma,

Hi! How are you and your family? I am writing to give you some advice about living a healthy life. It is very important to make smart choices every day. First, you should eat balanced meals full of fruits, vegetables, and proteins. You must drink plenty of water instead of sugary drinks. Also, teenagers need at least eight hours of sleep each night to stay focused. Finally, don't forget to exercise daily to keep your heart and muscles fit. Keep your surroundings clean to protect yourself from illness.

See you soon,

Nada
